

Introduction to IFG Explore Programme 2nd Year

This year we are focusing on a different element for each term – water, earth, sky and fire - giving us the overall theme for the year of.....

The Creation.

Depending on your environment and the resources you have available, you may chose to follow closely the programme that is provided for you or use it as a basis only on which to develop your own ideas to better suit the girls you have in your Unit.

Best wishes for a great year from the IFG Ministry Team.
