

# From the Ministry Team

informing encouraging equipping

*Most Units will be wrapping up this week, or have already done so. Our hope is that you can look back on the time and effort you have devoted to iconz4girlz this year with a great deal of satisfaction. We don't know how the seeds of values and grace that you have sewn into young lives will flourish do we?*

*We are losing one Unit this year - Hornby which is at Hope Presbyterian Church is west Christchurch. They will restart if they find a new leadership team. Hornby is our second longest running group having commenced in March 2010. Imagine the number of girls who have been influenced for good over that time!*

*We are currently putting together our itinerary for the first six months of next year. We have already received requests for visits from Units who have new Senior Leaders coming on board. If this is your situation too, or it's something else, please do let us know so we can make sure we get to you early in the year - by request we are starting in late January next year.*

*Again, looking ahead to 2019 - of course there will be changes, we know that, but I think of Romans 8:28 (CEV)*

*"We know that God is always at work for the good of everyone who loves him. They are the ones God has chosen for his purpose"*

*We have two new Units in the pipeline for early next year so that's exciting too.*

*Sending season's blessings to you and those who you love and pray for.*
